

PNZC

RWE's Pembroke Net Zero Centre
 Innovating for decarbonisation
 in South Wales

During the construction phase, it is estimated that PNZC could provide an annual boost of up to c.£70 million to the local economy and support up to 1,500 jobs. During operation, on an ongoing basis PNZC could provide a further £28m boost to the local economy each year and support an estimated 270 jobs.
