

# Construction Phase (Onshore & Offshore)

**Key:**

- High interest
- Direct
- ↻ Indirect

## Offshore Installation

### Cable

Array cable installation ● →

Cable burial ↻

Cable laying vessel ↻

Cable pull in ↻

CPS stabilisation ↻

Electrical testing ↻

Export cable installation ● ↻

### Foundation

Foundation handling equipment ↻

Foundation installation equipment ↻

Foundation installation vessel ● →

Scour protection ↻

### Offshore Substation

Commissioning ↻

Foundation substation installation vessel ● →

Topside substation installation vessel ● →

### Turbine

Turbine commissioning ↻

Turbine handling & transportation ● →

Turbine installation vessel ● →

## Onshore Installation

### Export Cable

Cable installation: Jointing/terminating/testing ↻

Civil & ducting ↻

Horizontal direction drilling ↻

### Onshore Substation

Civil works →

Commissioning ↻

Electrical installation & mechanical works ↻

Enabling works →

## Port Construction & Logistics

Construction coordination base ● →

O&M base facility construction ● →

Offshore logistics ↻

Onshore logistics ↻

Port agency services ↻

Port handling equipment ↻

Port owner ↻

## Preconstruction work

Seabed clearance activities ● →

Surveys ● →

UXO clearance →
